***Psych 205 is a prerequisite for ALL upper-level research courses. Many have other prerequisites as well.**

¹ **Column and Row Designations** (see [table of major requirements](#))

Column: A = social/personality/clinical; B = cognitive/neuroscience; C = other

Row: 1 = foundation courses; 2 = upper-level research courses

² Psychology and Cognitive Science majors and minors can preregister for most courses through CAESAR the week prior to registration. Times are announced by the Registrar's Office. You can preregister for a maximum of 2 courses.

³ For Psych 218 and Psych 303, sign up for the lecture, which will be held on Mondays and Wednesdays, and Tuesdays and Thursdays, respectively. Then you must pick a mandatory Friday discussion section.

⁴ For Psych 397 and 399, download an application from the department website (you can find it [here](#)). Fill it out and have it signed by the professor with whom you will be working. Then return it to the department office to receive permission to take the course. Psych 398-2 is consequential with 398-1, so students must have taken 398-1 to register for 398-2.
